## Toshiba Award-Winning Business Communication Systems.

There's so much you need from your telecommunications system, no matter what size your business: voice quality, reliability, adaptability, and longevity, to name a few. And Toshiba delivers with some of the finest, most highly regarded systems in the industry, including the Strata® CIX™ family of IP business communication systems, Strategy® voice processing systems and innovative Call Center solutions.

- Seamless interoperability between solutions
- Customizable applications
- Smooth migration path
- Industry-leading warranty
- World Class National Account Program

## Built to Last. Designed for You.

Toshiba offers a full line of reliable, feature-rich telephones designed to give you plenty of options and features. So your equipment adapts to you, not the other way around. For example, our FeatureFlex™ development platform enables you to customize system features to suit how you work. Further, our IP business communication system lets you mix-and-match IP and TDM endpoints – all on the same system. And when it comes to migration and interoperability, Toshiba gives you the ability to grow or upgrade your system while preserving your initial technology investment.

## Go Mobile Without Leaving Your Capabilities Behind.

Business desktide is no longer business as usual. Which means you need to stay connected to your customers, team, and resources no matter where you go. Toshiba's powerful line of wireless and cordless telephones and soft phones were born for the task at-hand. Take advantage of all the system's advanced calling features almost anywhere you go within your facility. Or stay connected to your system via the Internet anywhere your business takes you.

## Trust the Innovation Leader.

Toshiba products deliver value day after day and at every level of your organization. Which is why today's most successful companies choose Toshiba.
